Friends of GMDA,

The Groundwater Management Districts Association (GMDA) provides a forum to exchange ideas on different approaches taken by member districts in Colorado, Kansas, Louisiana, Mississippi, Nebraska, New Mexico, Texas, and California regarding all aspects of groundwater management.

Conferences are held twice a year, allowing members to keep up-to-date with new technologies and issues in groundwater management. The 2025 Winter Conference will be held at the Temecula Creek Inn in Temecula, CA, from February 25 to 27, 2025.

Please consider being a sponsor of the 2025 Conference. If you've never participated before, this can be a great opportunity for you to make new connections and spread the word about your services to the industry. Thank you to those of you who have sponsored in the past, and I hope we can work with you again this year. We would like to invite you to attend the conference and enjoy the workshops, tours, and comradery of like-minded individuals.

Enclosed is a sponsorship packet. Please don't hesitate to contact me for more information.

Sincerely,

Randy Ray
Executive Director
Central Colorado Water Conservancy District
